

Poll

Since we are planning to offer activities for kids and their families for the fall/winter session, we would like to know your opinion.

Montreal offers so many opportunities to have fun, participate in all kinds of activities and have a lot of fun. Especially for newcomers there is so much to discover.

So please let us know if you are interested or not, and if yes, how often you would like to have these activities and last but not least, please tell us about your interests. Multiple choices are very welcome.

Thanks for taking part in this poll about a new exciting project!

I/we are interested: Yes No

How often? Twice a week Weekly Monthly
